

Sprint 1 Plan
Perfect Gift
Perfect Gift Team
End Date: January 26th, 2021
Revision 2 (1/27/2021)

Goal:

Begin building the website, adding a landing page and a profile page for each user, as well as a mechanism for the user to login to view and edit their profile page. Be able to search for specific user pages.

Contributors

Carlos Viche, Claire Ruffing, Kelsy Lee, Sean O'Byrne, Venus Ku

Tasks

User Story 1: As a user, I want to get to a homepage when I visit the website. (3 points)

| Task | Time Estimate (hours) |
|--|-----------------------|
| Task 1: Come up with a design for the homepage and profile page. | 5 |
| Task 2: Connect the page to our web framework so it's shown when a user visits the site. | 3 |

Total 8 Hours

User Story 2: As a user, I want to be able to login with a username and password so that I will be able to see my personalized page/profile. (5 points)

| Task | Time Estimate (hours) |
|--|-----------------------|
| Task 1: Create a table in the database with users login information. | 1 |
| Task 2: Write backend JavaScript for authentication and HTTP requests to get user's information from the database. | 6 |
| Task 3: Create a styled login page where the user can type in their username and password. | 3 |

Total 10 hours

User Story 3: As a user, I want to be able to search by username so that I can find other user's personalized pages/profile. (3 points)

| Task | Time Estimate (hours) |
|---|-----------------------|
| Task 1: Add a styled text box that you can write characters into and a search button to submit your typed string. | 3 |
| Task 2: Parse the written string and see if it is in the database. | 1 |
| Task 3: If the username is found, display that information, else display user not found. | 2 |

Total 6 Hours

User Story 4: As a user, I want to have access to my user profile so that I can edit my profile (just username for now) when I want to. (2 points)

| Task | Time Estimate (hours) |
|---|-----------------------|
| Task 1: Have an edit button next to the name on profile page. | 1 |
| Task 2: Implement user authentication. Users should only be able to edit their own profile. | 5 |

Total 6 Hours

Team Roles

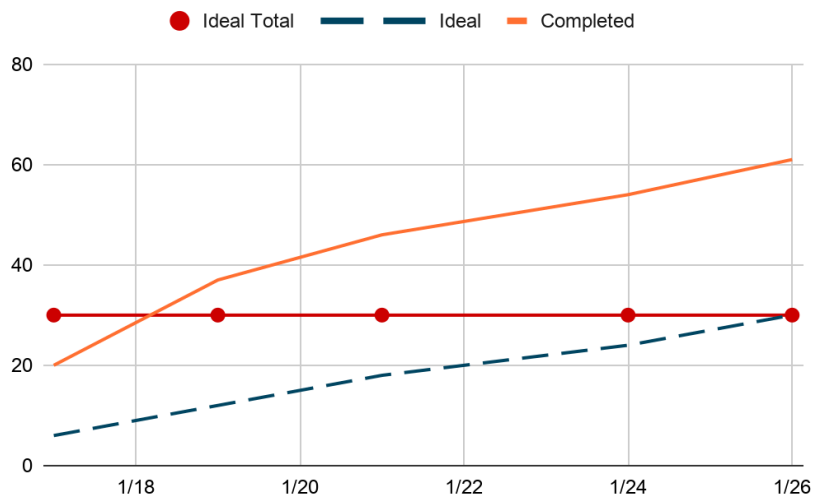

| Team Members | Role(s) Scrum Master, Product Owner, Developers |
|----------------|---|
| Claire Ruffing | Developer, Scrum Master |
| Carlos Viche | Developer |
| Venus Ku | Product Owner, Developer |
| Kelsy Lee | Developer |
| Sean O'Byrne | Developer |
